Dear Manager,

My name is César A. Salgado. I am writing to express my strong interest in doing my internship at your company. I live in the Canary Islands, Spain, and I am currently studying a Higher Degree in Multiplatform Application Development. I have just finished the first year, with really good marks.

Next year, I am required to complete my internship in order to obtain my qualification, and I would be extremely grateful to carry it out at your company. The internship period is from March 2024 until the end of May of the same year. I would be fully insured, including health insurance, liability insurance, and work accident insurance. As a student, I do not require a salary.

Currently, my focus is on database management, including triggers, stored procedures, backups, and user management. In programming, I mainly work with Java, handling interfaces, abstract classes, object cloning, maps, collections, and JavaFX. I also have knowledge in web development, implementing it with HTML5, CSS3, and JavaScript. Next year, I will be learning other technologies, such as Android Studio with Kotlin, Unity, JDBC and Hibernate.

Right now, I am studying in order to obtain the certifications of Amazon Web Services Cloud Practitioner and Scrum Master.

I consider myself a very positive and hardworking person. This summer period I am working at a factory, to earn some money for the next year of my degree. Even if I did not have experience working at a factory, they are giving me more responsibilities due to my attitude. In a work environment and as part of a team, I enjoy motivating my colleagues, letting them know that we can all achieve our goals. I am always willing to learn from them as much as I am willing to give my best.

If you are interested in me and give me the opportunity, I will undertake any tasks that are deemed beneficial for the company, learning every day, and of course, I will ask about anything that I am unsure about. This is a significant step in my life, and it is the path I want to pursue.

You can contact me via this email address, and if necessary, I am available for an interview.

Thank you in advance for your time and consideration.

Best regards,
César.
